# HIGHSTANDING KENNEL STUD SERVICE CONTRACT

## TERMS OF STUD SERVICE

1. The Stud Service Fee shall be \$\_\_\_\_\_.
2. The **Stud Service Fee is payable in full at the time of the first breeding** unless otherwise specified in the initial agreements for the breeding, (i.e. In lieu of the stud fee, the owner of the stud dog shall be afforded "Pick-of-the-Litter"). In the event the owner of the stud dog chooses to take a puppy in lieu of a stud fee, the owner of the stud dog reserves the right to withhold the signing of the AKC litter registration until said puppy is in the possession of the stud dog owner.
3. For the purpose of this contract a litter is defined as a single puppy born alive or deceased. However, if the litter results in only one puppy or the bitch fails to whelp, an additional stud service may be provided to this same bitch at her next heat or within one year. If an unforeseen accident occurs to the bitch after the mating the stud owner will not be responsible to provide a repeat service. The owner of the bitch must notify the stud dog owner within ten (10) days of the whelping due date. Failure to notify will result in forfeit of any return service. A repeat breeding attempt will be rendered under this contract. The bitch's owner(s) shall pay any additional expenses (i.e. current boarding rates) required for the second attempt at breeding. If the bitch fails to whelp after the second breeding attempt, or if an unforeseen accident happens to the bitch, then this contract shall be deemed fulfilled. If the stud dog shall die or become unable to breed before the return service is given, the owner of the stud dog reserves the right to offer the services of another stud dog in his possession or deem this contract fulfilled.
4. All expenses, including but not limited to: transportation, veterinary care, emergency service, boarding, feed and shipping, are the responsibilities of the owner(s) of the bitch.
5. It is understood that the owner of the stud dog shall maintain reasonable care of the bitch while at the stud dog owners' facility. Should the stud dog be leased/lent out for service, it is understood that the bitches' owner will maintain reasonable care of the stud dog while at the bitches' owners' facility.
6. In the case of AI breeding, all costs incurred by the owner of the stud dog will be charged to the owner(s) of the bitch.
7. Any bitch found unsuitable for breeding or cannot be bred due to viciousness or any other extreme behavior problem will be returned to the owner of record or agent immediately along with the stud fee, minus documented expenses incurred.
8. It is the responsibility of the owner(s) of the bitch to advise the owner of the stud dog of any habits, behavioral problems, medical conditions or special needs of the bitch described above.
9. The owner(s) of the bitch shall furnish the owner of the stud dog the following information prior to breeding:
  - a. Current immunization records
  - b. Negative Brucellosis test

I have read and understand the Stud Service Contract and sign it as the owner of the described dog and bitch or as agent for all listed owners.
